Sir:

**RESPONSE TO FORMAL DRAWING REQUIREMENTS**

Applicants hereby request clarification concerning the Requirements dated 25 February 2004 that formal drawings, i.e., formal drawings, be submitted to replace the photocopies presently on file. The examiner's attention is drawn to MPEP 608.02, which states that, in lieu of bristol board, "good quality copies made on office copiers are acceptable if the lines are uniformly thick, black and solid," and no corrections are required. In this case, no drawing corrections are required, and the line quality appears to be good. Therefore, unless some other objection is present of which the undersigned is unaware, it is suggested that no formal drawings are necessary. On the other hand, if the requirement for formal drawings is still justified, Applicants will comply. However, a more explicit explanation is requested.

Respectfully submitted,

Lynne M. Blank/cak
